**Lonestar
Prestress**

Lonestar Prestress Mfg., Inc.

When Quality cannot be compromised.

The Architectural Alternative to Metal!

***Maintenance-Free
Concrete Poles for Outdoor
Lighting & Security.***

***Pre-engineered concrete
buildings for any use.***

***Natural Colors & Finishes
to Enhance Architecture.***

***Attractive, long-lasting. Never needs painting
concrete poles for power distribution & area lighting.***

***Maintenance Free Pre-engineered concrete
buildings for *any use*. Never needs painting.
Will not rust. Fast Installation.***

Built by *craftsman* in Houston... ***Delivered Anywhere!***
Call Us ***Toll-Free 1-800-600-1719***
Houston ***(713) 896-0994***

***Concrete poles stocked
and delivered daily.***

Whether your choice is the ***Rochester*** (left) with a prominent architectural flared base, or the ***Waterford*** (far left) with a modest flared transition base.

Maybe a simpler shape such as tapered octagonal, or square. ***Every pole is available in a variety of finishes and aggregate colors to meet your project requirements. Poles are ready to install complete with conduits and hand hole cast inside.***

When it comes to longevity concrete is the *solid solution*. The smooth flat surfaces are ideal for mounting standard hardware.

Bolt holes can be cast in or easily field drilled. Woodpecker or insect damage, even rot just simply *cannot happen to concrete*.

You and your customers get the added benefit of a *clean attractive visual profile* that our engineered product provides.

Lonestar Prestress

Lonestar Prestress Mfg., Inc.

When Quality cannot be compromised

Natural Colors & Finishes to Enhance Architecture.

1. The Woodlands
