Project: City of Houston Switchgear Buildings-Simms Bayou WWTP

Building Sizes: (3) 12x16 & (1)20x30

Finish: Easi-Brick

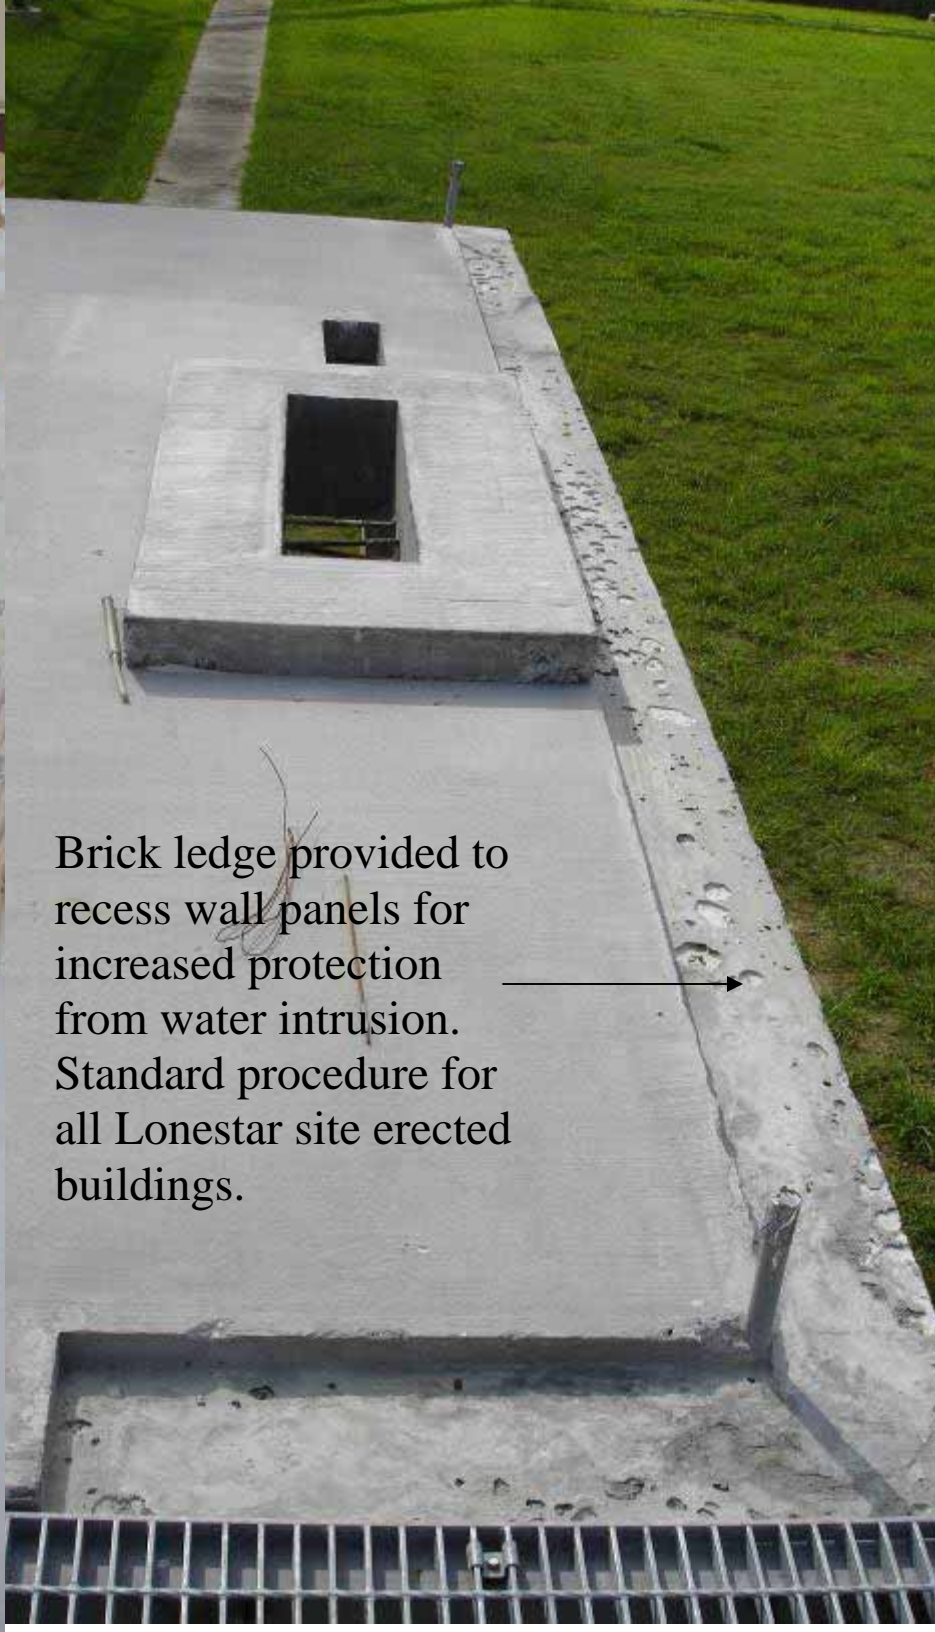

Engineer: CDM

Contractor: CSA

Completion Date: July-2007

Elevated cast-in-place foundations provided by the contractor.

Brick ledge provided to recess wall panels for increased protection from water intrusion. Standard procedure for all Lonestar site erected buildings.
